

MoldPro

'Axxicon exclusive partner for Singulus MoldPro'

Exclusive Partners

Axxicon is the exclusive partner for Singulus Technologies concerning MoldPro moulds and services. Singulus Technologies and Axxicon Moulds Eindhoven have combined their strengths: over 30 years of experience in optical media and the unbeatable Singulus MoldPro design result in the latest technology in optical media production equipment.

MoldPro mould spare parts

In order to ensure a perfect performance of your mould, Singulus Technologies recommends the use of original MoldPro parts manufactured by Axxicon. The mould parts are designed to be completely interchangeable and are available from stock.

KNOW-HOW

TO PERFORM

MoldPro mould repairs

Minimum maintenance, maximum output and equivalent-to-new quality. To keep your process at peak performance and productivity, Singulus Technologies recommends using Axxicon Repair Service, that provides the benefit of extended life to your essential MoldPro mould parts.

MoldPro mould exchange parts

manufactured by Axxicon are available from stock for immediate shipment and refurbished to equal-to-new quality to keep your production up and running with just the smallest delay.
